Introduction and Overview

Chairman's Message

To: Commissioners, Elected Officials, County Administration, Staff and Citizens of Dawson County

It was my pleasure to work with each of you in the preparation of the 2020 Budget. The improvements we have seen in our local economy allowed us the opportunity to address many of the service delivery demands of a growing community. The 2020 budget is a balanced budget with the use of some fund balance. The Board of Commissioners continues to look at alternative funding sources that will allow us to meet new service delivery demands.

GOALS:

- **Transparent process-** All of the meetings with elected officials, department heads, and agencies were advertised and open to the public.
- **Revenue based balanced budget-** The budget was balanced based on attainable revenue numbers and the use of some fund balance.
- **Single year budget adoption.**
- **Steady reserve-** The 2020 General Fund budget includes a use of fund balance in the amount of \$1,874,529. The projected general fund total fund balance at the end of 2020 is \$4,949,263 which is 17% of general fund expenditures.
- **Priority based requests-** Beyond the daily operation and maintenance cost of each agency and department, we asked everyone to provide the Board with a priority list of needs to enhance their ability to provide quality service to the citizens of Dawson County.

PRIORITIES:

Personnel - The Board recognizes that our employees are our greatest asset. The approved 2020 budget does not currently include an employee pay raise due to the fact the county is in the process of doing a salary study. Employee pay raises will be considered by the Board and added at a later date through a budget amendment. The 2020 budget also includes an increase for employee health coverage due to the continued rising cost of health care. No new full-time positions were approved for FY 2020.

Capital - Capital funding continues to be a major consideration for the Board of Commissioners. For FY 2020, \$250,000 in capital expenditures was approved in the budget. More detail concerning these items is included later in this report.

Scheduled Debt - In 2017, the Etowah Water Authority entered into a new agreement to re-finance old debt. The new arrangement will require the County to pay \$173,559 for annual debt service during 2020. Also in 2020, the County is obligated to pay \$347,256 for the Etowah Water Authority Bond Issue. In 2018, the County purchased a new fire truck through a lease purchase agreement. The debt service (from SPLOST VI funds) for 2020 is \$71,895.

This brings the total in debt service obligations for 2020 to \$592,710.

Chairman's Message

2020 PROJECTS:

SPLOST VI - Vehicles for the Sheriff's office, debt service for a fire truck, computer replacement and approximately \$5.5 million in road improvements.

Department	Project	Estimated Cost
Public Works	Road Projects	\$ 5,573,105
Fire/EMS	Fire Truck Lease Purchase	71,895
Information Tech.	Computers	80,000
Sheriff	Vehicles and Equipment	650,000
2020 PROJECT TOTAL		\$6,375,000
City of Dawsonville		1,125,000
2020 TOTAL		\$7,500,000

A total of \$7,500,000 was budgeted in the SPLOST VI fund for 2020. This includes intergovernmental payments to the City of Dawsonville (\$1,125,000).

Upcoming Residential and Commercial Developments - 2019 saw the completion of over 50 commercial building projects and projects currently under construction will be adding more than 569,324 square feet of retail development in 2019/2020. Two new residential developments have been approved and are under construction. Six additional potential residential developments could be added in 2020. Phased construction of the two major commercial developments originally permitted in 2016 has continued. An uptick in residential development is projected to continue into 2020 and beyond, resulting in increased need for public services and infrastructure improvement as well as augmentation of County staff to facilitate regulatory compliance. Finally, an increased interest in several areas where past development efforts have faltered may be an indication of new life for these areas.

Infrastructure Upgrades - In 2019, approximately 9.2 miles of County roads were rehabilitated. GDOT completed the replacement of SR 136 and SR 9 S Bridges. In 2020, Dawson County Public Works will complete the Public Works and Fleet Maintenance Buildings as part of the SPLOST VI Capital Improvement Program. Dawson County Public Works plans to contract the design of Shoal Creek Bridge rehabilitation plans as well as Shoal Creek SR 136 intersection redesign and construction. Annual Local Maintenance Improvement Grant (LMIG) projects will be completed throughout the year. Dawson County will continue to work toward the completion of the SPLOST VI capital improvement road rehabilitation program with the construction of stormwater culverts

Chairman's Message

and road rehabilitation. Georgia Department of Transportation (GDOT) plans to rehab SR 53 throughout Dawson County with estimated completion in 2020. GDOT started the Route 9 South round-a-bout at Dawson Forest in 2019, and is scheduled for completion in 2021.

I want to thank our Chief Financial Officer, Vickie Neikirk and Budget Manager, Natalie Johnson for all of their hard work and dedication throughout the budget process. I also want to thank the Board of Commissioners, elected officials, department directors, agency leaders, County Manager and staff for their hard work in the production of the 2020 balanced budget.

Respectfully,

Billy Thurmond
Chairman
Dawson County Board of Commission

Executive Summary

Dawson County, Georgia
Executive Summary
Approved Budget for Fiscal Year 2020

General Information

- The FY 2019 tax rate is 8.089 mills countywide. Incorporated area of the county did not levy a separate tax, nor have a separate millage rate. The rate was reduced from 8.138 from the prior year. The 2019 tax levy provides revenue for FY 2020. The total tax levy for 2019 is \$12,178,562.
- The 2019 total tax digest value increased by 1.15%, to \$12,178,562 over the 2018 digest. The total tax levy for 2019 increased by \$138,055 from 2018.
- The FY 2020 total annual budget (all funds) is \$45,402,720, an increase of \$2,882,583 or 6.78% from FY 2019. This increase is largely attributed to the additional personnel costs associated with the addition of new positions in 2019 and increased operational costs. Also, included in this budget is the continued cost of a 2% salary increase the Board implemented in April 2019.
- The FY 2020 adopted General Fund budget is \$29,911,503 and represents an increase of \$2,741,268 or 10%, from FY 2019 primarily due to an increase in salaries and benefits as well as increased operational needs funding. These increases are expected to improve service levels.

Factors considered when balancing the FY 2020 budget

- a. The FY 2020 budget includes continued funding for the 2% salary increase for all employees implemented in 2019.
- b. The County absorbed over \$47,000 of increases in the County Health Insurance plan provided to employees. Because of this, most employees did not experience increases to their portion of the premiums depending on their type of coverage.
- c. The 2020 General Fund budget was balanced with the use of \$1,874,529 from fund balance for various items. This represents a \$1,218,920, or 185%, increase in use of fund balance from FY 2019. The FY 2019 budget was balanced with \$655,609 in use of fund balance.
- d. The FY 2020 budget also includes \$520,815 for scheduled debt payments on 2012 Etowah Water and Sewer Authority Bonds, and lease payments on the Etowah Water and Sewer Authority Spray-field lease.

Executive Summary

- Transfers out from the General Fund total \$2,310,782, which represents an increase of \$767,502, or 49.7%, from 2019. Budgeted transfers to other funds are as follows:
 - \$1,202,531 transfer out to grant fund
 - \$250,000 transfer out to capital fund
 - \$288,263 transfer out to Fleet/Fuel fund
 - \$502,661 transfer out to E-911 fund
 - \$43,008 transfer out to GIS fund
 - \$24,319 transfer out to Family Connection

The FY 2020 Capital Fund budget includes funding for these projects:

- \$51,000 for Information Technology
- \$40,000 for HVAC unit at Jail
- \$29,000 for floor epoxy at new Fleet shop
- \$45,000 for van for senior center
- \$33,010 for van for 4-H (County extension office)
- \$25,000 for vehicle for Fire Marshal
- \$32,000 for vehicle for Planning and Development

Personnel

- General Fund salaries and benefits total \$19,269,128. This increase of \$1,150,277, or 6.3%, from 2019 is primarily because of 2% salary increases approved in 2019 for all employees. The increase from 2019 in health insurance premiums resulted in an addition to the county's general fund of \$47,000. \$100,000 was put into the budget to offset any potential increases in health insurance.
- For 2020, no full- time positions were added (all funds). Eighteen new positions were approved in 2019. It was decided that potential new positions would be considered on an as-needed basis for FY 2020.
- \$12,000 was put into the Park & Recreation budget for part time concession workers.

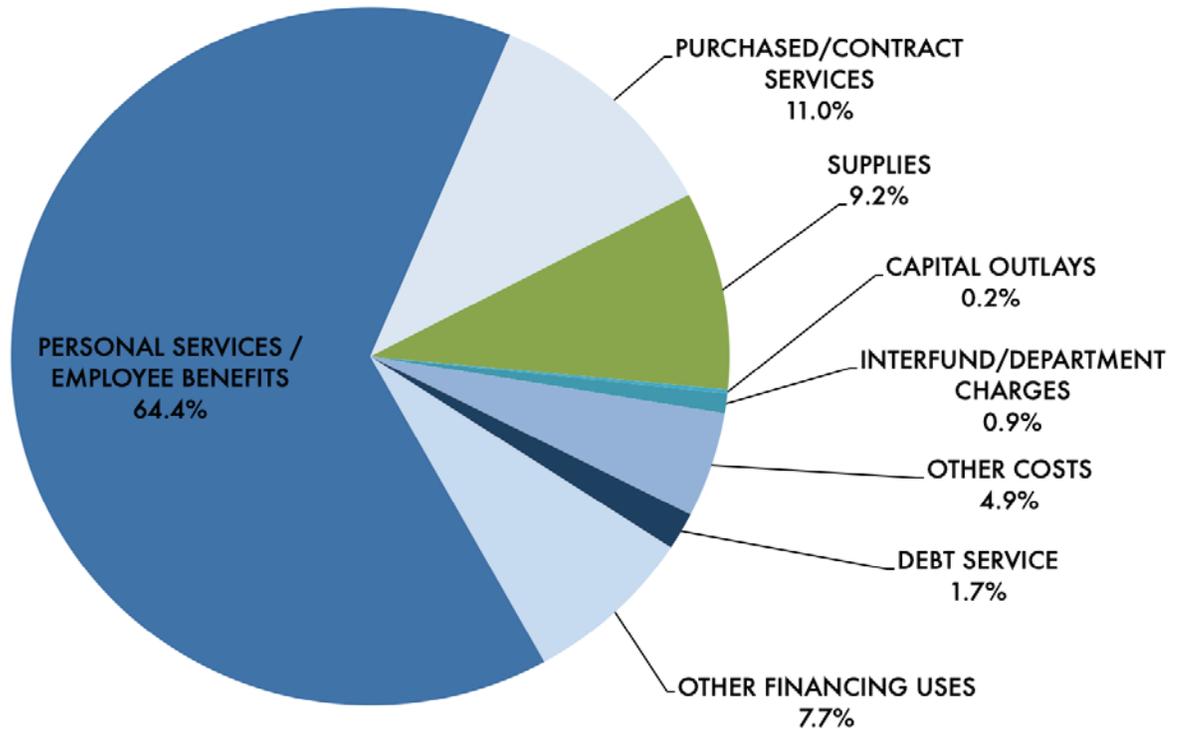

Additional Information

- Total (General Fund) Fund Balance, based on budget, at the end of FY 2019 is expected to equal approximately \$6,823,792, or 29%, of the budgeted General Fund Expenditures. The FY 2020 budget was balanced with the use of fund balance in the amount of \$1,874,529 and is projected to be \$4,949,263, or 17%, of General Fund Expenditures, at 12/31/2020.
- On November 4, 2014, Dawson County citizens approved the continuation of the Special Purpose Local Option Sales Tax (SPLOST). SPLOST VI collections began in July 2015 and continue until June 2021. Projects that will be funded during 2019 from SPLOST VI include: roads projects, public works building, technology equipment, public works equipment, recreation facilities, Fire Station 8/Community Center, fire truck lease purchase, and Sheriff vehicles and equipment purchases. For FY 2020, the County budgeted \$7.5 million to be expended from SPLOST VI funds.
- Impact fees were re-instated in FY 2018. It is anticipated with the continued growth of the County these fees will help offset the cost of new infrastructure. \$436,000 was added to the FY 2020 budget for this purpose. These fees can be used for Library, Parks, Fire, and Roads expansion.

Financial Planning Policies

FINANCIAL POLICIES AND PROCEDURES

The County has developed financial policies to ensure that the County's financial resources are managed in a prudent manner. The County maintains the goal of a structurally balanced budget to achieve long-term financial stability for the community. Current revenue will be sufficient to support current operating expenditures and capital expenditures, which reflects a balanced budget.

BALANCED BUDGET

The budget shall be balanced for each budgeted fund. Total anticipated revenues plus appropriated fund balances shall equal total estimated expenditures for each fund.

LEVEL OF BUDGET ADOPTION

All budgets shall be adopted at the legal level of budgetary control, which is the department level. Expenditures may not exceed the total budget for any department within a fund without the Board of Commissioners approval. All budgets shall be adopted on a basis consistent with the Generally Accepted Accounting Principles as promulgated by the Governmental Accounting Standards Board.

BUDGETARY CONTROL/REPORTS

A system of budgetary controls shall be maintained to ensure adherence to the budget. Timely monthly financial reports shall be prepared comparing actual revenues, expenditures and encumbrances with budgeted amounts.

AUTHORIZATION OF BUDGET ADJUSTMENTS

The budget is a dynamic, rather than static revenue and spending plan, which requires adjustments from time to time. The Board of Commissioners must approve increases in total department budgets, increases in the level of

authorized positions, or changes to capital outlay items greater than \$25,000. As outlined in the annual budget resolution, the County Manager is authorized to approve changes to capital outlay budgets in amounts up to \$25,000. The Chief Financial Officer/designee is authorized to approve budget transfers within the department, except transfers within a department to or from salaries and benefits accounts, to or from fixed assets, to or from vehicle repair and maintenance accounts, or transfers to any travel or training account. All these exceptions shall require the approval of the County Manager.

BUDGET AMENDMENT PROCESS

The Board of Commissioners shall authorize necessary budget adjustments by budget resolution. Any supplemental budget resolutions shall be balanced for each and every fund.

BUDGET LAPSES AT YEAR END

All operating budget appropriations, except for Capital Project Funds, shall expire at the end of a fiscal year. In accordance with Generally Accepted Accounting Principles, purchases encumbered in the current year but not received until the following year are paid from the following year's budget. However, when necessary the Board of Commissioners may make a reappropriation to resolve unusual situations or hardships

caused by this policy.

BUDGET BASIS

Governmental funds recognize revenues and expenditures under the modified accrual basis of budgeting and the modified accrual basis of accounting to include encumbrances. Modified accrual basis recognizes revenue as it becomes available and measurable and recognizes expenditures when the related liability is incurred. The County's integrated accounting and budget system is equipped to perform encumbrance accounting.

Fiduciary funds and proprietary funds operate on an accrual basis of budgeting and on an accrual basis of accounting. Accrual basis accounts revenues and expenditures as they are earned or incurred, even though they may not yet have been received or actually paid in cash.

LEGAL AUTHORITY OVERVIEW

Annually, the Chairman must submit a proposed balanced budget governing expenditures of all county funds. The budget shall be adopted by the Board of Commissioners before the start of the fiscal year to which it applies.

Financial Planning Policies

LONG-RANGE PLANNING

STRATEGIC PLANNING

Dawson County employs various types of strategic planning techniques. Primarily, the County uses a Vision, Mission and Values strategy to help guide individual departments on a micro level. On a macro level, the County uses a comprehensive plan and trend analysis to help determine the overall direction of the County.

INVESTMENT POLICY

It is the policy of the Dawson County government to invest in public funds in accordance with state and local statutes governing the investment of public funds and meet the daily cash flow demands of the County in a manner which will provide the highest investment return with the maximum security. The primary objectives, in priority order, of the Dawson County investment program are legality, safety, liquidity and return on investment.

INVESTMENT AUTHORITY

Management responsibility for the investment program is delegated to the Chief Financial Officer, who shall establish written procedures for the operation of the investment program consistent with the approval of the County Manager. The Chief Financial Officer shall be responsible for all transactions undertaken and shall establish a system of internal controls to regulate the activities of subordinate officials.

LEGAL INVESTMENT INSTRUMENTS

Dawson County is empowered by Georgia Law to invest in the following type of securities: direct and agency obligations of the United States, obligations of the State of Georgia, Georgia Extended Asset Pool, Georgia Fund I, repurchase agreements, certificates of deposit and prime bankers' acceptances.

However, the County will diversify use of instruments to avoid incurring unreasonable risks inherent in over investing in specific instruments, individual financial institutions or maturities.

INVESTMENT REPORTING

The Chief Financial Officer shall submit a monthly investment report to the County Manager including all transactions made for the month, a measure of the investment program to predetermined performance standards and market value information. The County Manager shall provide a quarterly investment report to the Board of Commissioners.

ASSET INVENTORY

CAPITAL ASSET INVENTORY

Capital assets include items with a unit cost of \$5,000 or more. Fixed assets are physical, durable items that are expected to provide service for periods that extend beyond one year of acquisition. Assets shall fall into one of the following categories: Land, Intangibles,

Buildings, Furniture, Fixtures and Computers, Infrastructure, Machinery and Equipment, Nonstructural Improvements and Vehicles.

ASSETS BELOW THRESHOLD

Assets less than \$5,000 will be charged to an expenditure account other than the capital outlay account.

MAINTENANCE AND REPLACEMENT OF CAPITAL EQUIPMENT

Priority shall be given in budget preparation and enactment for adequate maintenance of capital equipment and facilities, and for their orderly replacement.

DEPRECIATION

The County records depreciation yearly after the capital assets are reconciled for acquisitions, transfers, deletions, and disposals at the end of the fiscal year. Depreciation is calculated using the straight-line method with no estimated salvage values used in the computation.

Financial Planning Policies

REVENUE

REVENUE ESTIMATION

The County will estimate its annual revenues by an objective, analytical process, wherever practical. All existing and potential revenue sources will be reevaluated annually.

USE OF ONE-TIME REVENUES

The County welcomes the use of one-time revenues as they become available; however, the use of these funds shall not be used for reoccurring expenses.

USE OF UNPREDICTABLE REVENUES

Dawson County welcomes the use of unpredictable revenues as they become available; however, the use of these funds shall not be used for reoccurring expenses.

FEDERAL AND STATE GRANTS

The Board of Commissioners shall approve all grants and grant applications. All Federal and State

grants shall be subject to the County's accounting and budgetary policies. All key financial provisions, including required local match, shall be included in the approval process. Accounting and budgeting information shall be inclusive of the Federal and State participation as well as the local participation. Provisions shall be made in the County's annual budget for anticipated grants. Through the annual budget resolution, The Chief Financial Officer/designee is authorized to establish budgets pursuant to approved grant contracts and adjust so that grant budgets are balanced.

CONTRIBUTIONS

Unless authorized by the Board of Commissioners, contributions to programs operated by County departments shall be subject to the County's accounting and budgetary policies. The County welcomes both unrestricted and restricted contributions compatible with the

County's programs and objectives. Any material contributions shall be appropriated by the Board of Commissioners prior to expenditure.

FUND BALANCE

If projected revenue in future years is not sufficient to support projected requirements, use of unreserved fund balance may be budgeted to compensate for revenue short-falls in the current fiscal year. The 2020 budget has been analyzed with respect to how the decisions made this year will affect the County's revenues and expenditures in the future years.

Expenditure Policies

DEBT CAPACITY, ISSUANCE & MANAGEMENT

PURPOSE OF DEBT ISSUANCE

Dawson County has utilized long-term debt to fund the expansion of major capital facilities and infrastructure that are too expensive to be financed from current revenue sources. Dawson County does not use long-term debt to finance current or recurring operations.

LEGAL DEBT LIMITATIONS

In issuing debt, the County meets all state laws and requirements and follows a number of budgetary and fiscal policies to ensure the preservation of a sound financial

position and favorable credit rating. The County protects its financial position and attempts to provide the best service to its citizens for the least cost. These goals are achieved through effective internal controls and prudent accounting, budgeting, and planning procedures.

TYPES OF DEBT

Dawson County is permitted to issue any form of debt that does not contradict the existing Constitution and laws of the State of Georgia. These include but are not limited to:

- General Obligation (GO) Bonds
- Revenue Bonds
- Lease Purchases

- Certificates of Participation
- Loans

The County has issued both general obligation and revenue bonds to fund capital needs. The County has also utilized pay-as-you-go methods for capital improvements.

RESERVE FOR STABILIZATION ACCOUNTS

UNASSIGNED FUND BALANCE

Dawson County's unassigned fund balance target for the General Fund shall not be less than 15% of regular General Fund operating expenditures. It is the County's goal to maintain an unassigned fund balance of 15 - 25% or 3 months of operating expenditures. At the end of 2018, the County's unassigned fund balance was 31.7% of General Fund operating expenditures.

UTILIZATION OF PRIOR YEAR'S FUND BALANCE IN BUDGET

Unassigned fund balance can be used for nonrecurring capital expenditures. Also, if projected revenue in future years is not sufficient to support projected requirements, use of unreserved fund balance may be budgeted to compensate for revenue short-falls in the current fiscal year. The 2020 budget has been analyzed with respect to how the decisions made this year will affect the County's revenues and expenditures in the future years.

Expenditure Policies

CONTINGENCY BUDGET

Dawson County shall include a contingency amount in the General Fund budget for emergency type expenditures which cannot be foreseen when the budget is adopted. The contingency amount shall be subject to annual appropriation. For FY 2020, \$235,000 has been appropriated for contingencies (\$100,000 for increased health insurance benefits, \$100,000 for general contingencies, \$25,000 for legal & professional fees, and \$10,000 for Georgia Underground Storage Tank (GUST) Trust Fund).

OPERATING/CAPITAL EXPENDITURE ACCOUNTABILITY

BUDGETARY CONTROL

The County Manager and the Finance Department monitor the County's budget throughout

the year. Each month, a monthly budget report is submitted to the County Manager and the County Commissioners as an update on actual revenue and expenditures compared to the budget. The Finance Department is also responsible for reviewing and processing any budget change requests in accordance with the County's approved budget resolution.

Management of the County is responsible for establishing and maintaining an internal structure designed to ensure that the assets of the County are protected from loss, theft or misuse and to ensure that adequate data is compiled to allow for the preparation of the financial statements in conformity with Generally Accepted Accounting Principles (GAAP). The internal control structure is

designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that the cost of a control should not exceed the benefits likely to be derived and the valuation of costs and benefits requires estimates and judgments by management.

The level of budgetary control (the level at which expenditures cannot legally exceed the approved budget) is maintained at the departmental level. The objective of these budgetary controls is to ensure compliance with the legal provisions and mandates embodied in the approved annual budget adopted by the Board of Commissioners.

Budget Process

BUDGET DEVELOPMENT AND MANAGEMENT

The development and management of Dawson County's annual budget is governed by formal policies, accepted practices, and the County's budget principles. These principles guide the development of Dawson County's budget and include a balanced budget where operating revenues equal operating expenditures. It is Dawson County's policy to maintain unassigned fund balance of not less than 15% of total yearly expenditures. Our goal, however, is to maintain a reserve of 15 - 25% or three (3) months of operating expenditures.

DEPARTMENT RESPONSIBILITY

Departments calculate a budget for FY 2020 and utilize prior years' actual expenditures as a starting point to determine the historical costs to continue current levels of service. However, this does not guarantee continued funding at prior year levels. This starting point is commonly referred to as the "baseline budget."

FINANCE DEPARTMENT RESPONSIBILITY

The Finance Department processes the requested budget amounts from departments to provide the recommended balanced budget to the BOC Chairman for approval. Once approved by the Chairman, the Finance Department compiles the County's budget in the prescribed format for presentation to the Board of Commissioners during a regularly scheduled work session. The prescribed format includes the budget for the upcoming year and the County millage rate.

BOARD OF COMMISSIONERS RESPONSIBILITY

All budgets are presented annually to the Board of Commissioners by the Chairman for approval. These budgets are presented during a BOC work session and appropriate public hearings are held prior to the start of the fiscal year for which the budget is to be adopted.

BASELINE BUDGETING

The County utilizes a baseline

budget approach. This approach sets conservative spending for the proposed budget by closely examining the historical spending patterns of all County departments.

For this budget cycle, historical operating expenditures and known obligations were used to create an operating baseline budget. The operating baseline budget is the level of funding that allows the department to maintain their existing level of service. Each department reviewed its spending priorities to ensure they were making the best use of taxpayer dollars. By following the baseline budget method, the County identified funding that could be used for immediate needs in these current economic conditions without sacrificing service.

AMENDMENT PROCESS

The Board of Commissioners shall authorize necessary budget adjustments by budget resolution. Any supplemental budget resolutions shall be balanced for each and every fund.

Financial Summaries

Revenue Sources

Total Budget - All Funds

Dawson County's total budgeted revenue for FY 2020 is \$45,402,720, which represents a 6.78% increase compared to the FY 2019 budget. This change is mainly due to an increase in expected sales tax, licenses and permits, property tax and other taxes; as well as an increased use of fund balance. For 2020, approximately 69% of the total budget is funded by taxes. Taxes include sales, property, and other taxes, all of which are discussed in detail below. The County's second largest revenue source is other financing sources, which includes use of fund balance, which makes up 11.26% of the total budget.

General Fund

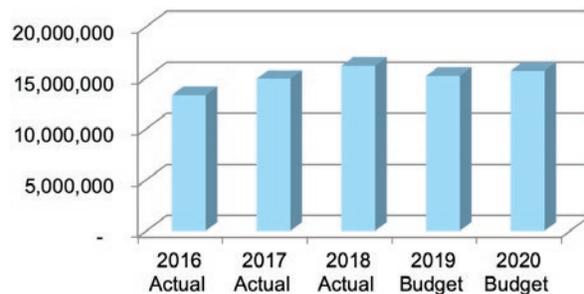

Revenue projections for the General Fund for FY 2020 total \$29,911,503, which represents a \$2,741,268 (10%) increase compared to the FY 2019 budget. The largest General Fund revenue source is taxes at 78.75% of the General Fund budget. Charges for Services is the third largest General Fund revenue source at 6.89%. Other Financing Sources make up the second largest revenue source 7.06% of total budget. At 4.23%, Licenses and Permits is the fourth largest revenue source of the General Fund.

Sales Tax

Dawson County's largest revenue stream is sales tax, which includes both Local Option Sales Tax (LOST) and Special Purpose Local Option Sales Tax (SPLOST). The major retail establishments, including the North Georgia Premium Outlets, Wal-Mart and Home Depot, located along the highway 400 corridor are the biggest contributors to sales tax. Since 2016 when the Kroger and Publix shopping complexes were completed, they continue to be an addition to the inflow of sales tax collections, as well as a draw for other commercial development. Commercial growth is expected to continue in Dawson County. Sales tax makes up 34.49% of the total revenue budget in 2020. For FY 2020, LOST and SPLOST budgeted revenues

are 3.29% higher than 2019 due to the expansion of retail business in the county. Prior to March 2013, sales tax proceeds were collected on the sale of motor vehicles, and property tax on these motor vehicles was collected annually. However, with the introduction of TAVT (Title Ad Valorem Tax), sales tax is no longer collected on motor vehicle sales. Rather, a one-time TAVT is collected each time the title (vehicle) changes ownership. Therefore, sales tax proceeds decreased the year TAVT began but has shown growth since 2015 with the improved economic conditions. Additionally, changes in transportation tax with the implementation of House Bill 170 have resulted in less sales tax collected on motor fuel sales. Sales taxes estimates for 2020 were based on historical trends and future analysis with consideration for the changes discussed above.

Sales Tax

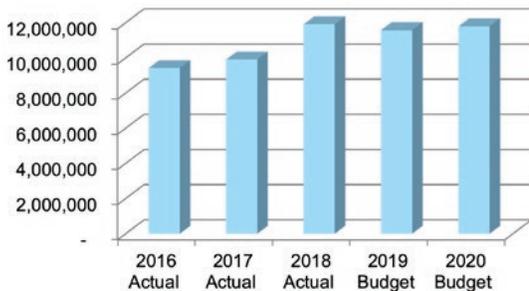

Property Tax

Property tax revenues are 25.98% of the total budget. For the FY 2020 budget, property tax revenues increased by \$212,322 compared to the FY 2019 budget. This increase is related to growth in the commercial and personal property tax digest. During 2019, the net digest value increased for the sixth year in a row. Property values and taxes are expected to experience marginal increases in the coming years. Estimates for this revenue stream were based on the valuation of the tax digest, historical trend analysis and current economic conditions.

Revenue Sources

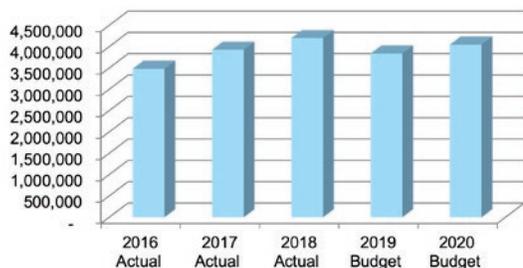

Property Tax

Other Taxes

The other taxes category includes Hotel/Motel Tax, Franchise Tax, Alcohol Tax, Insurance Premium Tax, Title Ad Valorem Tax (TAVT), Intangible Tax, Real Estate Transfer Tax, and Financial Institution Tax. This category makes up 8.92% of total revenue budget. For the FY 2020 budget, this category increased by \$209,291, or by 5.45%, compared to the FY 2019 budget. FY 2020 budgeted revenues for this source were based on historical trend analysis and current economic conditions.

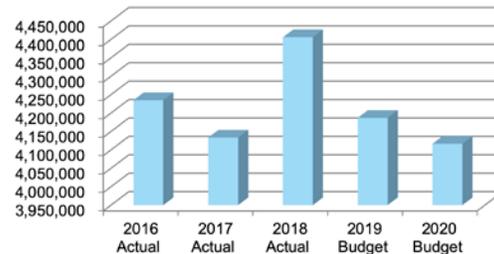

Other Taxes

Charges for Service

Charges for service include recreation participation fees, property tax collection fees and commissions, civil and criminal fees, inmate housing fees, and plan review fees. In FY 2020, this revenue stream is projected to decrease by \$70,437, or 1.68%, from the FY 2019 budget. FY 2020 budgeted revenues for this source were based on historical and future trend analysis.

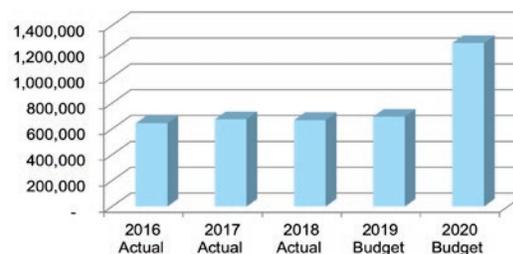

Charges for Service

Licenses and Permits

License and permit revenue is received from businesses, as well as private citizens, in the form of business licenses, grading permits, building permits, and rezoning permits. The FY 2020 budget for this revenue stream represents a \$569,050 or 81%, increase from the FY 2019 budget. This change is attributed to an expected increase in estimated building permits for large-scale new building projects in the coming year. Also, the Board of Commissioners made the decision to increase planning fees for the first time in years to become more in line with other area local governments. This revenue stream is estimated to remain stable in the coming years based on historical trends and economic conditions.

Licenses & Permits

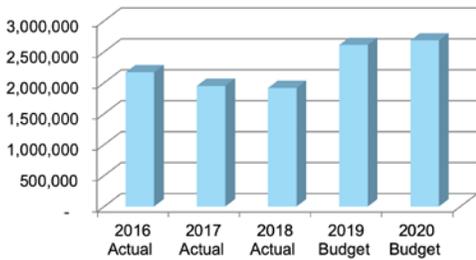

Intergovernmental Revenues

Intergovernmental revenues are revenues received from other governmental entities and normally take the form of grants. Grant funds are used to fund important programs and projects for governmental services and operations. For the FY 2020 budget, intergovernmental revenues comprise 5.91% of the total budget. There was a \$72,668, or 2.78%, increase in this category for the FY 2020 budget. The largest portion of this increase comes from additional public safety grants that were utilized in 2019.

Revenue Sources

Intergovernmental revenues are difficult to estimate given that potential grants for future years are often unknown. Therefore, estimates for the budgeted are based known grant awards and historical funding trends for recurring grant awards.

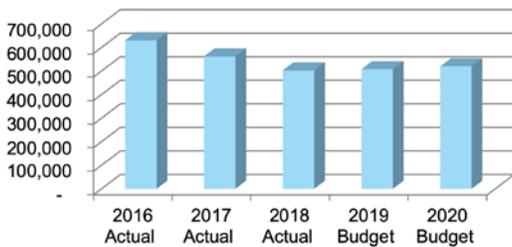

Intergovernmental Revenue

Fines and Forfeitures

The fines and forfeitures category represents revenue generated through the court system. This revenue stream funds 1.14% of the total budget and is \$11,950 more than the FY 2019 budget. Treatment-based court sentences, in place of monetary fines, have resulted in reduced revenues collected by the courts, but have improved final outcomes for those who have been adjudicated.

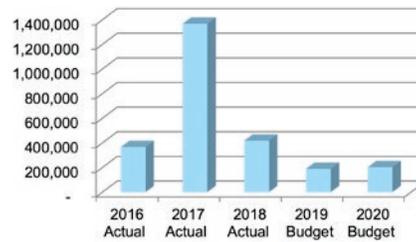

Fines & Forfeitures

Other Revenues

Other revenues include investment income, rent revenue, and other miscellaneous revenue sources. This revenue source is .45% of total budgeted revenues and is estimated based on historical trends and economic factors.

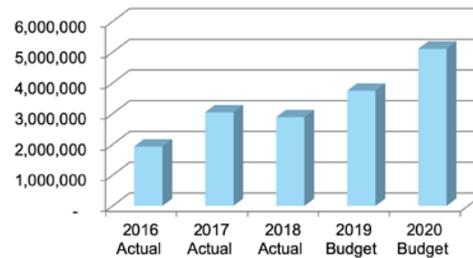

Other Revenues

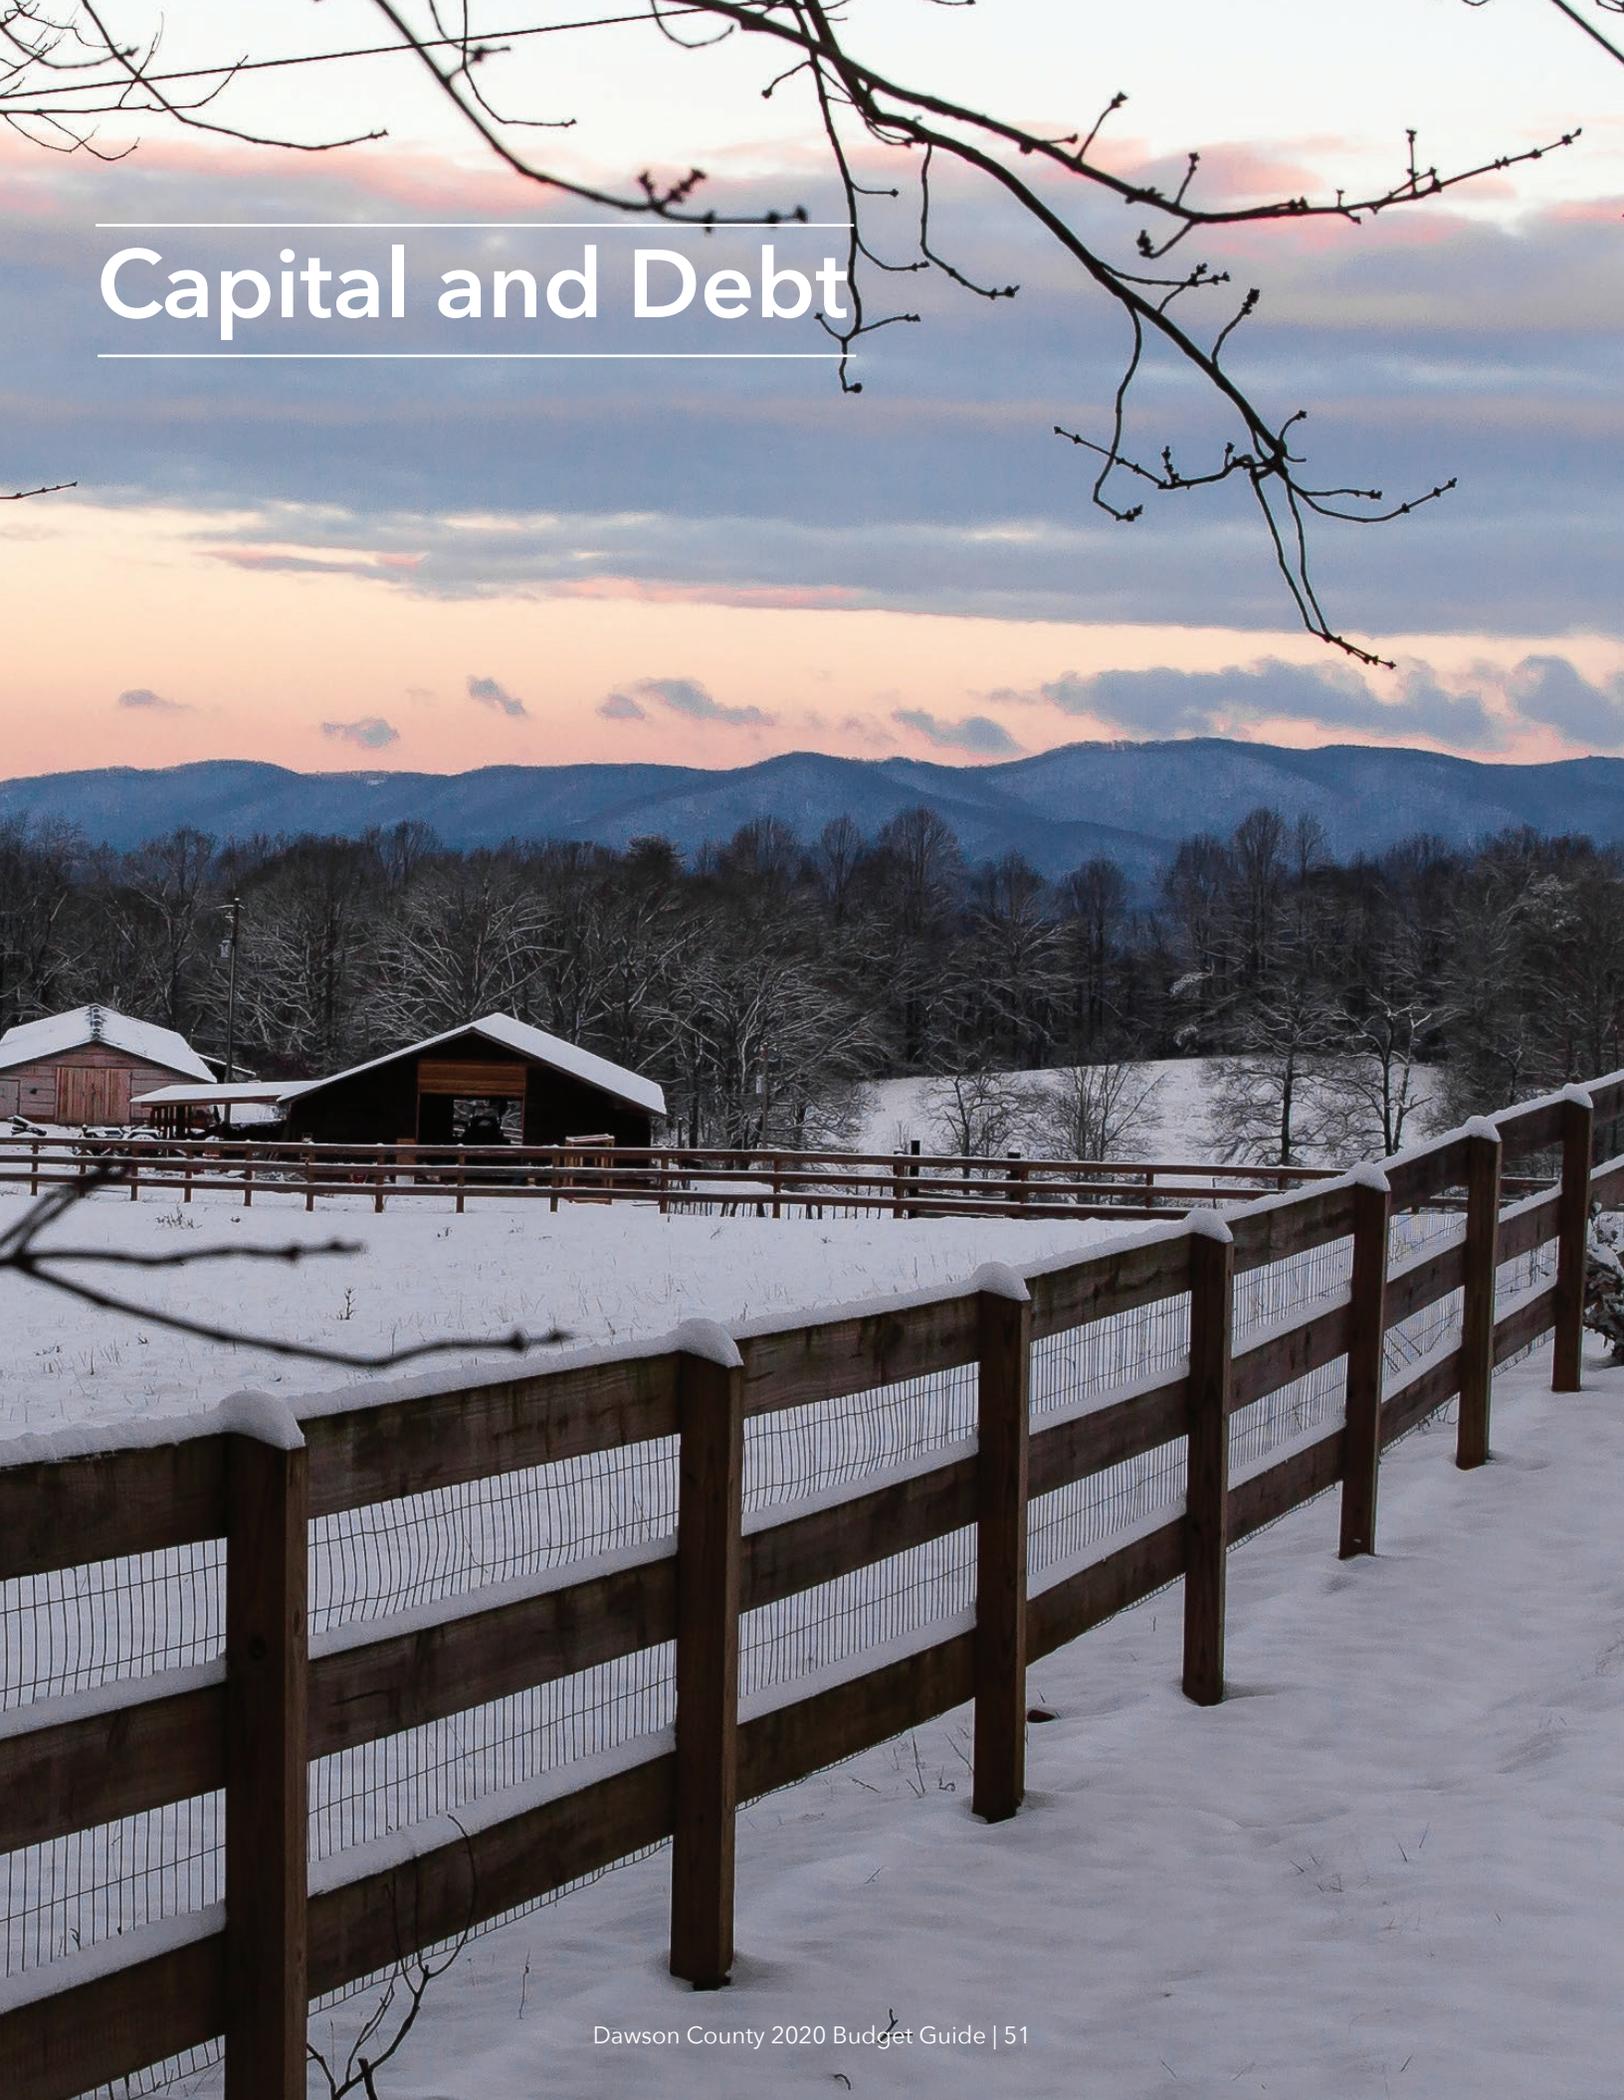

Other Financing Sources

Other financing sources include use of fund balance and transfers. For the FY 2020 budget, this revenue source is approximately 11.26% of the entire budget. This is mainly the result of several transfers in from the general fund to supplement grant funds. Additionally, this category includes use of fund balance. This revenue source is estimated based on known obligations and needs, as well as efficient use of accumulated fund balance.

Capital and Debt

Capital Improvement Program

A capital budget is the portion of the operating budget that funds capital costs. To effectively manage debt and project cash flows, the County shall strive to maintain a Capital Improvement Program, or CIP, for a five year period. As resources are available, the most current year of CIP will be incorporated into the current year's operating budget. For the purposes of this policy, the project requested under the CIP should have an anticipated life of more than three (3) years following its purchase, construction or other acquisition and have a total project cost of \$25,000 or more. The County's objective is to meet the capital needs of the County in a manner that is most beneficial to the Citizens.

The Capital Improvement Program is a five year program and details anticipated expenditures as well as the approved sources of funding. Capital requests are funded through fund balance, bond proceeds, grants, impact fees, or other specially designated revenue sources. All proposals for funding of capital projects shall be formulated and presented to the Board of Commissioners within the framework of the Capital Improvements Program. The Capital Budget is the County's annual appropriation for capital

spending and authorizes specific projects and appropriates specific funding for these projects. The subsequent or outlying years of the CIP are updated and revised each year to reflect the changing needs and priorities of Dawson County. Projects and financing sources listed in the CIP for years other than the first year are not authorized until the annual budget for that future year is legally adopted. The outlying years serve only as a guide for future planning and are subject to further review and modification in subsequent years.

Dawson County uses the CIP forecasts as a major financing and planning tool. The funding for new projects will be reviewed for future impact; therefore, all requests should be considered carefully and prioritized before departmental budgets are submitted. The following criteria were considered when prioritizing projects:

- Is the project mandatory?
- Does the project improve efficiency?
- Does the project provide a new service?
- How will the final project be used?
- What is the project's expected useful life?
- What is the effect on operation and maintenance costs for the project?

- What are the available state and federal grants for the projects?
- What hazards will the project eliminate?
- What are the prior commitments for the project?

The County shall strive to allocate funding from the annual General Fund Budget toward the addition and replacement of capital assets. Funding decisions are based upon the type of project. Recurring or maintenance projects are funded using operating revenues and are considered an operating expense. One time projects can use undesignated, unreserved fund balance as a funding source. Other funding sources such as federal and state grants, impact fees, bond issues, and enterprise funds may also be used. In order to effectively manage and track items and projects, capital projects funds have been established. With the exception of enterprise and E-911 funds, acquisition of all capital assets, including all capital projects, will be conducted through the capital projects fund. At the completion of the annual audit, the unspent and unencumbered balances of each capital project approved in the current year's budget will be re-allocated in the following fiscal year to their respective projects.

Capital and Debt

SPLOST

The voter-approved Special Purpose Local Option Sales Tax (SPLOST) is another pay-as-you-go method that works well for Dawson County due to the retail sales generated in the County.

The County has used SPLOST revenues to fund capital needs including a new public safety facility, a justice and administration center, and road system expansion. SPLOST revenues have also funded the construction of parks and recreation facilities. In 2007, 87.4% of voters approved SPLOST V, which began in 2009. In 2011, the new Dawson County Government

Center was constructed and opened on January 3, 2012. This construction was funded by proceeds from issuing general obligation (GO) bonds with debt service on the bonds being paid by SPLOST V revenue. In 2013, SPLOST V funded upgrades for the County's communication system. SPLOST V collections ended in June 2015.

The Intergovernmental Agreement (IGA) for SPLOST VI between Dawson County and the City of Dawsonville was made effective on June 26, 2014. The Agreement states that the County shall receive 85%, \$39.1 million, and the City

shall receive 15%, \$6.9 million, of the estimated total of \$46 million. The Agreement also states that the County shall be responsible for any amount exceeding their SPLOST VI budget, and the City shall be responsible for any amount exceeding their SPLOST VI budget. On November 4, 2014, Dawson County citizens approved the continuation of the Special Purpose Local Option Sales Tax (SPLOST). SPLOST VI collections began July 2015 and continue until June 2021. Projects to be funded during 2020 from SPLOST VI are listed below.

A strong credit rating allows the County to obtain the lowest possible interest rates at the time of sale and the need to purchase municipal bond insurance for credit enhancement. Dawson County's bond rating is AA with Standard and Poor's (S&P) and Aa2 with Moody's Rating Group.

Emergency Services - Fire

MISSION STATEMENT

Dawson County Emergency Services is committed to the preservation of life and property of the citizens of Dawson County.

DESCRIPTION

The Dawson County Fire Department currently operates seven (7) stations throughout the County. This Department responds to all matters of fire suppression, rescue incidents and medical assist calls. Additionally, the Fire Department conducts fire inspections and educates the public on the dangers of fire through fire prevention techniques and offers assistance with installing smoke detectors.

GOALS & OBJECTIVES

Goal #1: Purchase Ladder Truck- In 2015 DCFES had their ISO evaluation and was ranked a 3. During the four years since we have added numerous apartment buildings, have plans for two hotels and possibly a large mixed development growth.

Goal #2: Six Firefighter/EMT - New Fire Station 8 should be completed in the first quarter of 2020. We need to prepare to staff an engine assigned to this station. This area is currently an ISO 10, due to not having a fire station within 5 road mile of a fire hydrant with 5 road miles.

Goal #3: Three Firefighter/Paramedics- Dawson County needs a fourth med unit to serve it's booming population growth. We have staffed 3 fulltime med units since 1998, since then our population has doubled and the call volume has tripled. DCFES has

run out of med units over 130 times, in 180 days.

Goal #4: Air cascade filling trailer- DCFES is the only fire department in the area still using Scott 2.2 air packs. This air pack is becoming obsolete and significantly hinders firefighters from doing their jobs successfully. We are phasing in the 4.5 air packs to be in line with the industry standard. The current cascade system on Squad 7 will only fill 15-20 cylinders, before needing refilling of that unit. We need to compatibility to fill air cylinders at the scene of a fire without having to stop operations to accomplish this task.

Goal #5: Two New Inspectors- The Fire Marshall's office currently is required to inspect every business in Dawson County twice annually. This is currently being done by two individuals, who must complete plan reviews of every new business coming to Dawson County. The failure to inspect businesses twice annually impacts the life safety and ISO rating.

Goal #6: Turnout Gear Replacement Program- Firefighter structural firefighting gear should be replaced every 10 years in accordance with NFPA 1971.

BUDGET HIGHLIGHTS

The 2020 budget increased by 24.2% compared to the 2019 budget. This change is contributed to increased salaries, services and supplies.

No One Alone - NOA

MISSION STATEMENT

No One Alone (NOA) provides safe haven and support services for victims of domestic violence. Through educational programs, NOA works to foster attitudes in the community that violence is not acceptable.

DESCRIPTION

No One Alone, NOA, is a non-profit organization providing a safe, confidential location for victims of domestic violence. NOA provides shelter 24/7 year round. Key components of the program are supportive services such as food, clothing, personal necessities, medical assistance, financial assistance, and client transportation. In addition, NOA offers crisis counseling, support group for victims and their children, school presentations for community awareness and prevention, temporary protective orders, referrals and follow up services to victims of domestic violence.

GOALS & OBJECTIVES

Goal #1: Enhance the safety of clients by providing them emergency shelter and legal assistance.

Goal #2: Offer clients and their children therapeutic counseling to recover from trauma and reduce PTSD symptoms.

Goal #3: Provide financial assistance to clients engaged in services, ensuring they are able to obtain housing, transportation, childcare, medical needs, food and other necessary expenses required to independent living.

Goal #4: Provide outreach and violence prevention efforts to raise awareness in the community and our school system.

OBJECTIVES:

- We anticipate housing 125 clients in our shelter and local motels this year. Of the Clients that exit our program, we are estimating that 90% will report that they have strategies to enhance their safety and have a better overall understanding of domestic violence. We anticipate serving over 175 clients in the legal program assisting/providing them protective orders and tailored safety plans. We expect to see 90% of these clients report a better understanding of their rights as a crime victim.

- Victims of domestic violence are exposed to chronic interpersonal and traumatic stress. This is also true for their children. As trauma disrupts people's lives and their ability to function, trauma counseling provides them with the opportunity to recover as well as teach them effective coping strategies to reduce anxiety, stress and improve their ability to function. We plan on serving over 125 children in the children's program, which offers support group and counseling that aims to increase their self-esteem, safety, coping skills and resiliency. We also expect to see a decrease in depression and Post-traumatic Stress Disorder in adult clients, as a result of clients attending trauma counseling and support groups allowing them to regain a sense of control over their lives. We have 4 counselors that allow us to offer these services to clients engaged in our program.
- We anticipate spending \$65,000 on direct client financial assistance from grants received, donations and fundraisers. Our collaborative efforts strive to reach and educate people to break down the barriers that prevent victims of family from seeking services. We work to prevent family violence by investing in prevention efforts to educate children and adults about the dangers of abusive relationships. Not only do we anticipate reaching over 3,000 through our school prevention program, but we plan on holding at a minimum 5 domestic violence educational awareness events throughout the year.

Public Defender

MISSION STATEMENT

To ensure, independently of political considerations or private interests, that each client whose cause has been entrusted to a circuit public defender receives zealous, adequate, effective, timely, and ethical legal representation, consistent with the guarantees of the Constitution of the State of Georgia, the Constitution of the United States and the mandates of the Georgia Indigent Defense Act of 2003; to provide all such legal services in a cost efficient manner; and to conduct that representation in such a way that the criminal justice system operates effectively to achieve justice.

DESCRIPTION

The Public Defender’s Office, an independent agency within the judicial branch of state government, was created by the General Assembly in 2003 and is appropriated state and local funding to deliver indigent defense services to all 49 judicial circuits within the State. The Public Defender and staff provide constitutionally mandated effective legal counsel to indigent persons who are incapable of hiring their own attorneys and are accused of crimes or subject to probation revocation proceedings in Superior Court.

GOALS & OBJECTIVES

The overarching goal for the Dawson County Public Defender’s Office is two-fold: (1) provide high-quality legal representation for our indigent clients and (2) assist in the efficient, orderly operation of Dawson County’s Magistrate, Juvenile and Superior Courts-including all related and overlapping departments and personnel (including, but not limited to, the Dawson County Sheriff’s Office, the Dawson County Detention Center, Dawson County Accountability Courts and the Dawson County Clerk of Court’s Office). The Dawson County Public Defender’s Office can continue to meet these dual goals by working diligently and thoroughly to ensure that our office provides clients the caliber of legal assistance necessary so as to be an asset to the operation of Dawson County Courts and related departments, rather than an impediment. Diligent legal representation from the Public

Defender’s Office can help reduce the financial strain on other departments related to and involved in the operation of Dawson County Courts. For example, an individual that is identified quickly as client wishing to plead guilty early in the lifecycle of a criminal case will reduce the expense paid by the Dawson County District Attorney’s Office as relates to that case, as well as such costs as those borne by the Dawson County Sheriff in regard to the individuals in their custody at the Dawson County Detention Center. Although it may at first appear counterintuitive, our office believes that providing highquality legal representation to the indigent defendants of Dawson County actually results in lower over-all costs for the taxpayers of Dawson County, while simultaneously providing a vital service to those citizens accused of crimes in Dawson County. The Dawson County Public Defender’s Office works every day to ensure we do our absolute best to meet the goals described above. An additional attorney position would allow our office to work harder and more efficiently to serve Dawson County-including both those individuals accused of criminal conduct as well as the tax payer with an interest in a well-run, responsive, timely, constitutionally top-notch court system.

Supplemental Information

History

Dawson County was created by a legislative act on December 3, 1857, primarily out of Lumpkin County and smaller parts of Gilmer, Pickens and Forsyth counties. Georgia's 118th county, and the county seat of Dawsonville, were named for Judge William C. Dawson, a compiler of the laws of Georgia and commander of a brigade in the Creek Indian War of 1836. Dawson served in both houses of the Georgia state legislature, in Congress from 1836 to 1842 and in the U.S. Senate from 1849 until 1855.

Prior to the creation of Dawson County, the area enjoyed a rich history. Originally settled by the Cherokee Indians at about the time of the American Revolution, the river valleys were dotted with farms, orchards and numerous modern log structures. Native Americans thrived in the area until the discovery of gold in 1829. By 1832, prospectors had over run much of the area and Georgia claimed the region as a new territory. During 1838, those Native Americans who had not voluntarily moved west were forcibly removed to Oklahoma along the Trail of Tears. Although absent as a people from the area for more than 150 years, the legacy of the Cherokee remains in many names found throughout Dawson County: Amicalola, which means "tumbling waters", Etowah, Toto Creek - named for the Cherokee Toter family, and a host of other local names. Throughout the 1830's and 1840's, the area that was to become Dawson County was in the midst of the first gold rush in America. Numerous mines and mining operations - some within

the city limits of Dawsonville - were located throughout the area. Remnants of these mines and small mining projects can still be found within the County.

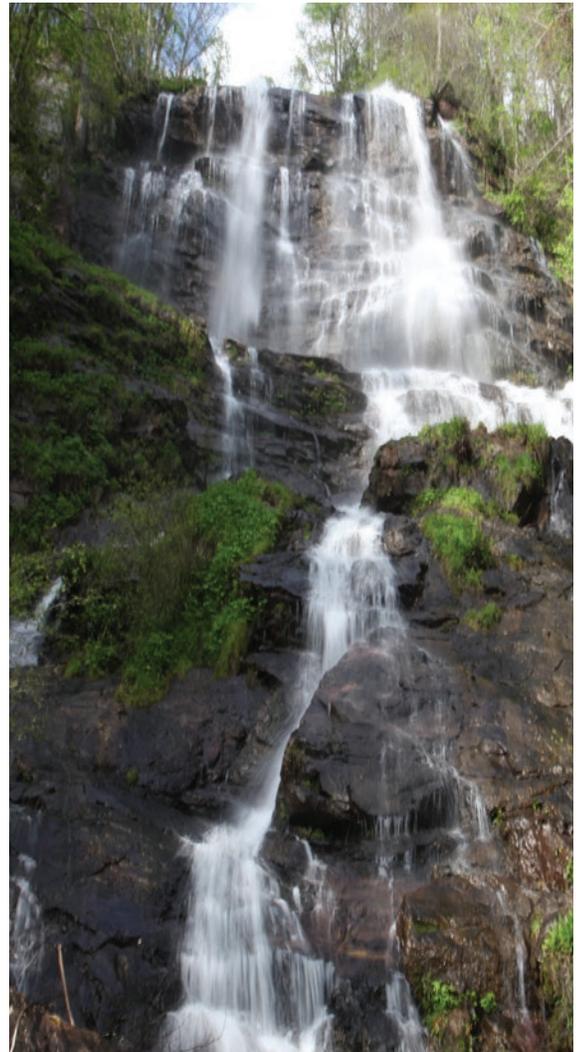

By April 28, 1858, all county officers had the books that were necessary for the records of the county, and these were placed in a log structure which had been built for the temporary use of the court and other officials of the county. The log courthouse was built by James Foster for the sum of \$30.00 and the benches by James Jackson for an additional \$1.25.

Plans for a permanent courthouse were not long postponed, and by May 1858, plans were accepted for a building 50 feet by 30 feet, with four gables, and the window sills and steps were to be made of "good plant". The contract was made with Wesley McGuire, John Hockenhull and Anderson Wilson. In August of 1858, the plans were changed by the recommendation of the grand jury. The new plans for the structure called for an enlarged building of 54 feet by 38 feet, two gables, the use of good bricks or other materials "such as the [courthouse] in Gainesville," and window sills were to be made of granite, soapstone or marble.

Harrison Summerour, John McAfee and R. N. McClure secured a bond for \$9,600.00 to erect the courthouse. As

the money came in to the county treasurer, the contractors were to be paid. A difficulty arose, however, and an additional \$2,500.00 was borrowed from Mr. Summerour to meet the deadline of the contract payment. N. H. Goss made chairs for the new building for \$4.95.

The bricks, which were purchased at \$8.00 per thousand, were made by the slaves of John Hockenhull on a branch on the east side of Old Georgia 19 (now Highway 9), across the highway from the building that housed Standard Telephone

History

Company in Dawsonville. It is thought that other bricks were made at John Hockenull's for "paving and fixing the courthouse outside walls."

In February of 1860, the grand jury commented on the "abused and defaced condition of the building by persons unknown." The damage was repaired and as time passed, the building was kept in good condition through the efforts of the grand jury and its recommendations.

Some of the more interesting recommendations implemented by the grand jury: William Hollingshed ceiled the building, old shingles were removed (and sold for \$5.00) and the building was recovered, the lathing was removed, the northwest room (which had been rented for \$10.00 per month) was fitted for the commissioner's office, the windows were glazed (paned with glass), and from time to time the building was painted. A fence was built around the courthouse and painted (there was no stock Law in effect).

A well, which had been dug earlier on the courthouse grounds, was included inside in order to evade police when delivering their illegal cargo. Even after Prohibition, the trend continued as bootleggers were on the run from state revenue agents who sought to tax their illicit operations. Eventually, these cars were raced for entertainment (and profit), leading to the birth of modern stock car racing and NASCAR.

Bill Elliott, one of NASCAR's most successful drivers, was born in Dawsonville. "Awesome Bill from Dawsonville" won 44 races on the NASCAR circuit, including two Daytona 500 victories and the 1988 NASCAR Winston Cup championship. Elliott won NASCAR's Most Popular Driver Award a record 16 times between 1984 and 2002. Chase Elliott, son of Bill Elliott, is doing his part in keeping the Elliott name prominently featured in NASCAR. In 2014, Chase won the Nationwide Series championship, becoming the first rookie to win a national series championship in NASCAR. He was also named the NASCAR Xfinity Series Most Popular Driver for 2014 and 2015.

In 2016, Elliott began competing full-time in the NASCAR Sprint Cup Series, driving the No. 24 Chevrolet for Hendrick Motorsports. Though he didn't get a first place finish, he finished 10th overall and also took home the 2016 Rookie of the Year title. In 2017, he took home numerous 2nd place finishes and finished 5th overall. In 2018, Hendrick Motorsports switched Elliott back to the No.

History

9, the number his father drove during most of his racing career and Chase's number earlier in his career. On August 5, 2018, Elliott won his first Monster Energy Cup Series (formerly Sprint Cup Series) race in Watkins Glen, New York. Just like his father, Chase took home eight second place finishes before getting his first win on a road course. Elliott took home two more first place finishes before ending the season sixth overall in the points standings. Chase was also voted the 2018 NASCAR Cup Series Most Popular Driver. In 2019, Elliott brought home first place

finishes at Talladega, Watkins Glen and the Charlotte Roval and for the second year in a row, was voted NASCAR's Most Popular Driver.

In 1957, the Appalachian Trail was re-routed to a new endpoint about 8 miles north of Amicalola Falls State Park, establishing the county as a major destination for hikers. At the same time, the flooding of the Chattahoochee River plain to form nearby Lake Lanier was completed, resulting in Georgia's largest lake at 39,000 acres. The lake forms the southern end of Dawson County.

With the construction of the Georgia 400 highway to Atlanta in the 1980's, the County finally had the major highway that it had lacked for one hundred and twenty years. This transportation route, combined with Lake Lanier, Amicalola Falls and the development of the North Georgia Premium Outlets have helped Dawson County transition from a quiet mountain enclave to one of Georgia's fastest growing communities.

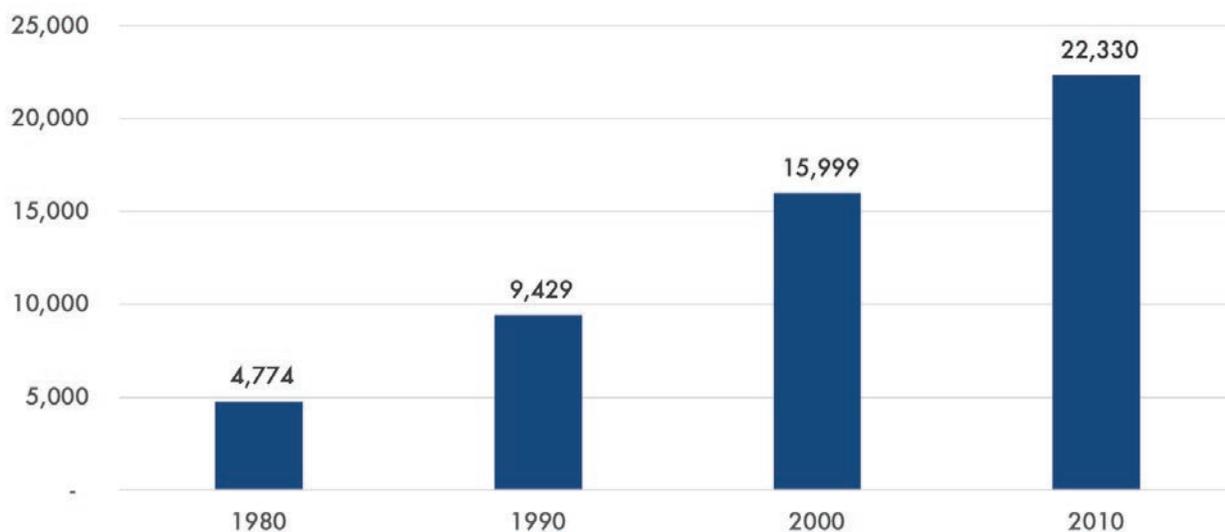

Demographics

As of the 2010 Census, the County was comprised of 22,330 people with 7,652 households, and 4,685 families residing in the County. This represents a 40% change in population from the 2000 Census. In 2010, the population density was 105.8 residents per square mile. The racial makeup of the County was 95.6% White, 0.5% Black or African American, 0.4% Native American, 4.1% Hispanic, 0.6% Asian, and 1.4% from two or more races. The average household size was 2.79. The median income for a household in the County was \$53,215. While the per capita income for the County was \$24,750, about 11.9% of the population was below the poverty line.
